

ELECTRONIC SIGNATURE PROGRAM

In an effort to facilitate the prompt delivery of your reports, we would like to enroll you in our "Electronic Signature Program." We believe this program will significantly benefit turnaround time for our clients; an issue which is of paramount interest to them and ultimately to all of us associated with MES®.

To enroll in the program you will only be required to sign an "Electronic Signature Authorization" and provide us with a sample signature. Your signature will then be scanned and stored in a restricted database. When your signature is needed, a copy of the report will be electronically sent to you and then all you need to do is sign the report and electronically send it back to the appropriate MES office. Please note that once your signature has been affixed to a report, it will then be locked in and cannot be changed.

ELECTRONIC SIGNATURE AUTHORIZATION

In order to expedite the delivery of my reports, I agree that MES may electronically transmit copies to me for my review and signature.

Upon receipt of my signed reports, I hereby authorize designated representatives of MES to electronically affix my signature to such reports.

Healthcare Professional Signature

Print Health Care Professional Name: _____

Date: _____

PLEASE INSERT YOUR SIGNATURE IN THE BOX WITHOUT TOUCHING ANY LINES
